PROFESSIONAL SUMMARY

Lead Web Solutions Engineer & Technical Lead with 2.5+ years of verified industry experience delivering 30+ production web platforms, architecting custom CMS extensions, and managing client delivery across healthcare, education, and international corporate sectors. Adept at translating non-technical client requirements into robust, high-performance digital architectures utilizing **TypeScript, React, PHP/WordPress custom systems, and RESTful APIs**. Proven history of leading and mentoring teams of **8–10 developers**, establishing high code quality standards, and cutting client page load times by **50–70%**.

CORE TECHNICAL SKILLS

Web Architecture:	Full-Lifecycle Web Delivery, Modern Jamstack, Headless CMS Architecture, Custom Plugin Development, Responsive UI
Frontend & Design:	React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Radix UI, Figma-to-Code Systems, Framer Motion
Backend & CMS:	PHP, WordPress Custom Themes & Plugins, Node.js, Express, MySQL, PostgreSQL, REST APIs, WooCommerce Workflows
Performance & Audits:	Core Web Vitals Optimization, Chrome DevTools, Lighthouse Performance Auditing, Network Waterfall Tuning, Caching
Leadership & Delivery:	Team Leadership (Mentored 8–10 Interns), Direct Client Communication, Git PR Code Reviews, Agile Sprint Delivery

PROFESSIONAL EXPERIENCE

Founder & Lead Solutions Architect | Garix — **Pune, India | 07/2026 – Present**

- **Architected modular business software solutions and web platforms** (Nayepankh OS, Maskawala, Dental Systems), managing client consultations, technical scoping, and end-to-end deployment.
- **Established reusable component libraries and deployment pipelines**, reducing client onboarding-to-launch cycles by **40%** while enforcing zero layout shift standards and high-conversion UX design.

Lead Web Solutions Engineer | KWS (Karve Web Solution) — **Pune, India | 12/2024 – 07/2026**

- **Delivered 30+ client web applications end-to-end** across corporate, educational, and international sectors; translated ambiguous client objectives into scalable technical roadmaps.
- **Re-architected MIS Education from legacy architecture to modern static stack (50+ pages)** under a strict 1-month timeline, cutting page load times by **50–70%** and boosting Lighthouse scores to 92+.
- **Delivered international client platforms** including Sakura International Clinic and Fotolib, converting Figma files into pixel-perfect responsive interfaces with custom multi-step form workflows.
- **Engineered custom plugin solutions** including an automated reservation booking plugin for Yuva Weekends (WooCommerce) and a custom dynamic blog CMS for Kuwahara Lab.
- **Mentored and managed 8–10 junior developers and interns**, coordinating daily development deliverables, leading code reviews, and enforcing Git pull request protocols.

Software Engineer (Enterprise Systems QA) | Cognizant — **Pune, India | 02/2023 – 11/2023**

- **Automated complex enterprise user workflows** for tier-1 clients (including Rediffmail) using Java and Selenium, achieving a **75% reduction in manual regression time**.
- **Enforced enterprise quality standards and zero-defect deployment protocols** across 15+ internal web applications, coordinating directly with cross-functional development teams.

FEATURED CLIENT & ENTERPRISE DELIVERIES

International Healthcare & Research Platforms (Sakura Clinic & Kuwahara Lab) — **Global Client Delivery**

- Engineered multi-language web architectures from Figma designs, implementing custom dynamic blog engines, structured post grids, custom carousel plugins, and multi-step intake forms adhering to accessibility and mobile responsiveness.

Custom Hospitality Booking Engine & Payment Flow (Yuva Weekends) — **Custom Plugin Architecture**

- Developed a bespoke hotel and package booking plugin integrated with WooCommerce. Handled date range availability, dynamic rate calculations, seasonal room inventories, and secure checkout payment gateway transactions with 0 data discrepancies.

EDUCATION & CERTIFICATIONS

B.Sc. in Computer Science — Sinhgad College of Science, Pune — **Graduated: 2022 | GPA: 7.75 / 10.0**

Data Structures & Algorithms Specialization — UC San Diego & HSE University — Algorithmic problem-solving & asymptotic complexity

Java Programming Masterclass — Tim Buchalka — OOP Design Patterns, Systems Architecture, Multithreading
